One Show per Night. 8.30 sharp.

LOCALS

Mrs. C. N. Baldie, of Tripola, was a visitor in town on Monday.

Brown's Store has a special announcement in this issue. Better read it.

Ralph Fallin in the Hat Tuesday to say goodbye to his brother, popular Billy Fallin.

Mrs. V. E. Starr said goodbye at Medicine Hat on Tuesday to her stalwart soldier brother, Elwyn Potter.

Miss Mundy, who has been teaching in Neff School District, returned last week to her home in Vancouver.

A fine line of fresh fancy fruits this week at The Palace. First arrival of Cranberries. Oranges from 25c per doz. up. A few cases of canning fruit on hand.

Mr. and Mrs. J. J. Lemna, of Tripola, and their guest, Mrs. J. Cavanaugh, went to Banff for a visit on Monday. They will also spend a few days at Calgary.

Mrs. S. E. White, of Newport, Rhode Island, arrived in Alderson on Saturday last, and will visit for some time at the home of her brother, Frank L. Brown.

C. O. Dahl, who has been working for A. H. Peterson in the Royal district, paid the News a fraternal call on Monday. He was for some years on the staff of the Fernie Free Press.

Mrs. F. C. Woolven has leased her east store building to C. J. Steel, the popular tennorial artist. About the first of the month Mr. Steele will open up a barber shop and pool hall in the building.

Agent Williams, of the C. P. R., returned Sunday from a month's vacation in New York and other eastern points. Mr. Williams has not as yet resumed his duties at the local station. Acting Agent Williams is still in charge. Mr. Williams spent Wednesday in Calgary.

Messrs. Wm. Stubbs and son have now the old Carlstadt Hotel re-opened, as far as the rooms go. The dining room will also be re-opened shortly. Where the old bar stood is now an up to date pool hall. The space has been added to by taking out the partition to the room formerly occupied as an office. In the rotunda a soft drink and 25c bar has been installed. New floors have been placed on the lower floor, and the well known hostelry is, in any thing, more comfortable than ever. Alderson citizens will extend the hand of goodwill, ship to this enterprising who is going into the accommodation business here.

After the show call at the Palace Ice Cream Parlor. We serve a drink either hot or cold.

Harry W. Johnson, auctioneer, is conducting a sale of horses in Calgary today (Thursday) for A. Cameron, of Calgary.

All the News subscribers were at Medicine Hat Tuesday night, so it is moved and seconded that the list be taken as read, Carried.

Don't forget Charles Chaplin in "The Fireman," at the Alderson Picture House, Friday, Sept. 29th. Prices that evening, 35c and 25c.

As it is expected that the crowds attending Suffield Fair will overtax the accommodation there at night, it is expected that quite a number of motor parties will make Alderson their headquarters. The local hotels will be pleased to entertain any such parties.

Beginning on Friday night, Sept. 29th, the Alderson Picture House will start the show at 8 o'clock sharp. Charlie Chaplin, in the Fireman, is on the boards that night. Prices 35c and 25c. On both nights of the Suffield Fair there will be performances at the local theatre, Tuesday and Wednesday. Complete changes both night.

After several years residence in Alderson Mr. and Mrs. Stubbs, and little Miss Maude Stubbs, left Friday last for Caledon, Ont., where they will take up residence for a time at least. Martin's many friends in Alderson and district will wish himself and family every success in any line of endeavor he takes up in the east.

On Saturday at 2 p.m., the shareholders of the Farmers' Co-operative Elevator will meet in the Adams Parlors. The executive at Calgary has promised that the Vice President will be present at this meeting, and it should be an interesting one as differences long standing between the officials and local shareholders will be threshed out.

Word has just been received that Private Stanley Cummer, youngest son of Fred B. Cummer of the News staff, who went Overseas last March with the 56th battalion of Calgary, has been recommended for the Distinguished Conduct Medal for a certain brave action at the front. Private Cummer took a message from the trench to headquarters, under heavy shell fire, and while returning to his trench was badly wounded and also rendered completely deaf from shell shock. He has been transferred to a hospital in England, and is expected home in Calgary about Christmas. Mr. Cummer has two other sons. Somewhere in France, one of whom was in the Somme drive and was put out of action, but is back again in the firing line.

The Canadian Red Cross.

The Canadian Red Cross Society has decided to make a special gift of Christmas Stockings to all Canadians in hospitals this Christmas.

After consultation with Lady Drummond, it is thought advisable to prepare 15,000 of these stockings of this number the Alberta Provincial Branch has undertaken to supply 2,500. An ordinary sock, such as our Society is shipping constantly, will be used for this purpose. It is proposed to fill one sock and send the other with it, so that, in this way a pair of socks will form a part of the Christmas gift. Socks will be filled with the following articles: Pocket mirror, pocket pencil, a cheap style of pen, chewing gum, checklists, handkerchiefs, writing paper, cigarettes, tobacco, pipe, and peppermint. To reduce cost and secure a uniform gift, it has been thought best to purchase the articles required, for filling the socks, wholesale, and to issue a special appeal to our Branches and other Societies interested, for cash contributions to be used in the purchase of these goods.

Money sent in for the purpose will be placed in a Christmas stocking fund and credited in this manner to the Society sending it. The cost of filling each stocking is estimated at \$1.50. Contributions may be handed to Mrs. W. M. Cotter, at the Post Office. All Branches and other Societies having socks on hand are requested to send these forward before the end of October.

Bert Adams was in the Hat on Tuesday evening to say goodbye to his brother, Clinton.

THE SECRET OF THE SUBMARINE

THE STORY TO DATE.

Cleo temporarily left her tormentors, but Saturnus doggedly trails her. Hope ever faithful battles to regain Cleo's fortune to her.

CHAPTER XIX.

Mahlin disappears after the melee in the Del Mar home. Barnacle has the books. Has Cleo won? The suspense is not long, for the books do not contain the great secret. The conspirators set out on the trail of one Fitzmaurice, who Hope learns has gone to Point Sierra Light. He with Cleo clatters a launch. Olga and Morton with Sextus do likewise. Hook left by Hope hides on Olga's launch. Saturnus learns the government has mined the channel. He and Mahlin board the express to make the trip overland. Hope narrowly misses a launch. As his launch reaches the light he sees a launch following blow up. This is Olga's launch. She and Morton cling to wreckage. Hook rides safe on a locker. Sextus is drowned. Hope learns Fitzmaurice has gone to Santa Cruz Island. He and Cleo promptly follow despite warnings from the keeper. Saturnus and Mahlin reach the light to discover Hope and Cleo has eluded them. Overpowering the keeper they shut off the light. Hope out at sea, turning to take his reckoning, discover the guiding light out.

Do It Now.

Help to make a cheerful Christmas for the boys at the Front who are fighting for us.

When Long Breaths Hurt Your Side Rub Soreness Away With "Nerviline"

Prompt Action Often Prevents Pleurisy or Pneumonia

Do long breaths hurt you? Try it and see. If you cough a shiver or a catch in your side, then he sure trouble exists.

"Proper action consists in a vigorous rubbing of the sides, back, chest and sore side with 'Nerviline.' This wonderful liniment sinks into the tissues where the pain is seated—gives instant relief. It cures pleurisy, all cases of soreness goes, and you then know that it is safe."

Nerviline has probably saved you from pleurisy.

Pleurisy, or pleurisy for chest tightness, coughs, aches and soreness—this wonderful liniment, which is kept in the home saves the family from lots of ills and suffering.

A bottle on hand makes the doctor's bill a mighty sum.

It depends on a lot of the projects and ailments, such as rheumatism, pleurisy, stiff neck, sore muscles, and enlarged joints.

Get the large 50c family size bottle; it is far more economical than the 25c trial size. Sold by dealers everywhere, or direct from the Canadian Cough Co., Kingston, Canada.

Russia Will Have Grand Awakening

Peaceful Revolution Is Expected to do Great Things at Close of the War

Travellers coming from Russia, no matter of what nationality, talk of but one thing, the wonderful awakening of Russia. Americans, in particular, are greatly impressed by the new sense of national spirit in the half-nevical empire and are most sanguine as to its future.

Great as is the awakening already, all agree that it is not yet at its height. When millions of soldiers return with the new outlook upon the world, new ideas, and new knowledge of civilized living, Russia, it is said, fully expects a revolution after the war, but the likelihood is that it will be purely political and unattended by bloodshed and destruction.

Minard's Liniment Relieves Neuralgia

It takes from 18 to 19 pounds of skim milk to make a pound of cheese. Milk testing 1 per cent, fat requires from 15 to 16 pounds to make one pound of cheese; milk testing 2 per cent, fat requires 13 to 14 pounds; milk testing 3 per cent, fat requires from 11 to 12 pounds; milk testing 4 per cent, fat requires about 10.3 pounds to make a pound of cheese. It is known that the higher normal milk tests in milk fat the more cheese can be made from 100 pounds.

German Hatred Dying Down

Among Berliners, England remains the most hated enemy. The hatred of English is, perhaps, as deep as ever, but it is no longer hampered for men.

On June 10, an English officer, on his way from one prison camp to another, unattended, in his English uniform, walked the length of Unter den Linden, took a cab, toured the city, then took train to his destination. No crowd followed him; he was not insulted; the Berliners merely looked on him curiously. That is moderate hatred.

So writes one who has resided in Berlin for many years.

Dutch Submarine

The Dutch Government are gradually bringing into form a splendid fleet of submarines against the day when they will be forced to enter the war. The first of a series of seven was launched the other day at Rotterdam. Four others of a larger type will be a few months later.

The Government have made a study of all types of submarines and it is believed that they will introduce into their latest vessels two remarkable additions: they will ensure a speedier and safer plunging.

Two Fellows

are trying to get ahead

It's easy to see who'll win.

If you have any doubt about tea or coffee holding some people back, in fact many—leave the heating cans, stop the bath and coffee tea days, and use

POSTUM

"This delicious pure food-drink, made of wheat, roasted with a bit of wholesome molasses, has a delightful, nutty flavor. It is free from harmful drugs in tea and coffee and all harmful ingredients.

"Postum is good for old and young, and is a tonic for health and efficiency."

"There's a Reason"

Germany's Food Restrictions

Eating of an Extra Egg a Crime Against the Fatherland

Adolf von Batzdorf, president of the German food regulation board, has today expressed his disapproval of rural Germany to divide their food with the women and children of the towns.

He said: "Batzdorf in his appeal says the harvest this year is in general lower than last year. The shortage is covered from the effects of the food scarcity of last winter caused by the lack of crops."

He adds: "Restrictions everywhere are the most necessary for the necessary longer the war lasts. These restrictions must increase for the food of the towns. Anyone living on the land who consumes even half a litre of milk or quarter of a pound more of butter, or even an egg more than is absolutely necessary, sins against the fatherland. An organization would be created in order to buy up all butter, eggs, vegetables, etc., that can be dispensed with in the towns and use them to feed the big towns."

"Little can be accomplished by force or by continual increase in price, which have become exorbitant for many of the poorer elements. Only voluntary, rational, spontaneous, patriotic co-operation of the rural population can the object be attained."

PALE, WEAK GIRLS

Grow Into Weak Dependent Women How to Overcome the Trouble

Healthy girlhood is the only path to womanhood. The girl who grows from girlhood to womanhood has a new tax upon the blood. It is the breaking of the blood that makes growing girls suffer from headaches, dizziness, from nervousness and weakness and weariness, from languor and depression, from all the ailments of the blood.

Unhealthy girlhood is bound to lead to unhealthy womanhood and life of misery. Nothing can break the blood building qualities of Dr. Williams' Pink Pills for Pale People, which she undertakes the trials and tests when nature makes no demands upon the blood supply. Dr. Williams' Pink Pills actually break down the blood to meet these new demands.

Dr. Williams' Pink Pills for Pale People, which she undertakes the trials and tests when nature makes no demands upon the blood supply. Dr. Williams' Pink Pills actually break down the blood to meet these new demands.

"Do animals possess the sentiment of affection?" asked the school teacher.

"Yes, ma'am. Almost always," answered a girl.

"Turning to a little boy, 'tell me what animal has the greatest natural fondness for man.'"

The small boy considered carefully, then returned: "Woman."

St. Ildore, P. Q., Aug. 18, 1914

Minard's Liniment Co., Limited.

Dear Sirs: I have frequently used MINARD'S LINIMENT and also prescribe it for my patients' ailments with the most gratifying results, and I consider it the best liniment for many years.

Yours truly,

DR. JOS. AUG. SIBOIS.

Annual Fire Losses

Statistics compiled by the fire in New York City in a year were in dwellings, most of them started in the winter months, and were in bedrooms.

Of the 10,000 persons are killed and 50,000 injured yearly as a result of fire.

The annual average fire loss in Canada for the past three years has been \$30,000,000. The cost of insurance protection in excess of the loss, and the cost of maintaining waterworks and private fire protection, aggregating a total annual cost of over \$60,000,000. These are colossal figures, and when you add to them the cost of fire waste in the United States, it makes a grand aggregate of \$250,000,000 a year in the United States and Canada.

Johnny's Manners

Where the carefully trained child learns bad manners is a standing mystery to his watchful parents. These anxious rearers of the young are often at a loss to explain this query, but generally without result.

It is the child's nature, the deep silence causes an illuminating answer.

Johnny furnished one just the other day. He had just finished a meal and was sitting at the table, puddling, which he ate to the last morsel. His mother said: 'There was a clean plate at the table, he licked it clean.'

"Johnny" exclaimed his mother after a horrified gasp, "who did you ever see do a thing like this?"

"Dogs," replied Johnny—Life.

Would Be a Small Loss

A lady went into a chemist's shop on a morning and laid out a prescription, which was duly dispensed. As the chemist was wrapping up the bottle the lady said:

"It is much in the medicine, please."

"How three and sixpence," was the answer. The lady examined the package.

"Oh, dear," she said, in surprise, "three shillings is all I have with me."

"Very well," observed the chemist, anxious to oblige. "You can pay the remainder the next time you are here."

"But—suppose I should die?" said the lady.

"Well," said the chemist, still anxious to oblige, "it would only be a small loss."—Exchange.

Manitoba's Snakes

Where Myriads of Reptiles Littered During the Winter Months

A loathsome, wriggling, gleaming mass of viscous creature, the quantity of reptiles within a certain cavern of a boulder-strewn gullyside, in South Manitoba, is difficult of estimation.

Within the district of Clearwater, in Southern Manitoba, are located a series of ravines, presumably formed by the action of water in the prehistoric days. Deep and rugged folds divide them, but not a few of which can be likened to canyons.

The Cypress, a fair-sized mountain, stands near the valley. At a distance of one-half mile from the village adjacent to the high treeline, the bridge, Clearwater, exists the cavern wherein snakehood possesses a liberating retreat. A few residents of the surrounding countryside are visiting the reptiles' congregation; a greater number evince no intention of undertaking the visit.

My visit to the snakes was made on a bright day in spring, the snows of winter, outside of a few straggling nooks, having been melted beneath the sun's rays. The reptiles were in the open, showing a line of the western prairie land.

Out on the hillside, several of the more venturesome members of the viperous mass are noticed crawling about the rocks. The snakes are apparently come forth to reconnoitre.

At the cavern's entrance, a thick, tangled "ropes" of the slimy Great snakes was endeavoring to force its way into the balcony.

On the hillside, the horrible apparition displayed the presence of snakes in countless thousands; in many curious shapes, one particularly in a mass was that of a vast number curled in a circle, the head of a first-class snake. The sizes of the reptiles varied, from a few inches to a foot or more.

One of the pythons of the tropics. In no case did snakes exceed four feet in length. The larger ones occasionally measured a few inches more than this size.

Some of the cavern may have contained extremely large specimens, which were rare. There are some in various parts of Manitoba.

Some of the caverns of Manitoba history this cavern in the gullies is not so wide as the others. And the history has determined that the migratory period of the reptiles on their way to their place of hibernation, occurs in the month of October, when the weather is in the middle of the scattered in the autumn wind. Perhaps the "ropes" of the "ropes" crawl long distances from their haunts of summer quarters, others from the north, and some from the south.

When frost and snow depart, and the weather has appeared, a great exodus from the cave to the meadows and forest glades.

A similar cavern is located in the valley of the Souris, Western Manitoba. Until about 1878, thirty years ago, a prodigious gathering of snakes was seen in the cavern.

The cavern in the Stony Mountain locality, north of the city of Winnipeg, is a large quantity of quicklime utilized to exterminate this horrible pest. The snakes, which could be resorted to at the Clearwater, are in the month of October, when the weather is in the middle of the scattered in the autumn wind.

Minard's Liniment Cures Dandruff

Who (nibbling her) Let's see, what is the term applied to one who nibbles? A nibbler, or nibbler, or nibbler. Let's see, what is the term applied to one who nibbles? A nibbler, or nibbler, or nibbler.

German Already Broken

The German Government's "victory" in the war is a mere illusion. The German Government's "victory" in the war is a mere illusion. The German Government's "victory" in the war is a mere illusion.

Elderly Gentleman

(alone in a compartment with fully-armed soldiers, next stop one hour): Excuse me, my man, but your face is strangely familiar.

Soldier (with meaning): Quite likely, sir, as you were the gentleman who was shot in the head, and is now a conscientious objector. But you'll be glad to 'see' your changed my mind, and I don't see any objection to taking 'human life'—Punch.

Austrians Find Famous Treasure

The Austrians, according to a special dispatch from Innsbruck, have found the famous treasures of the Dethan monastery, near Cettigne, Montenegro, which the monks had buried upon the approach of the invaders.

Seven centuries, consisting of jeweled vessels and other valuables, since the thirteenth century, the vessels and richly embroidered vestments, and a great mass of gold and silver.

A peasant betrayed to the Austrians the catamounts where the treasure was secreted.

Searchlights at Gibraltar are so powerful that the whole passage to the African coast is visible all through the night.

THURSDAY, SEPTEMBER, 28th, 1916

SUFFIELD FAIR.

Everyone is doing well enough this year to be able to take in this World's Fair at Suffield on Tuesday and Wednesday next.

OUR HONOR ROLL.

For some time it has been the aim of the News to compile an Alderson District Honor Roll. The task is by no means an easy one. If it is to be complete, and it should be it will take real time on any one's part. The News makes the following request: Will some public spirited citizen in the district offer a Cash Prize to the party who sends in the most complete Honor Roll of Alderson District. Rev. T. Taylor and the Editor of the News will pass on all Rolls sent in. Come along now, Mr. Public Spirited Citizen, make a liberal offering in this regard. The Roll will be kept in type at the News Office and new names added from time to time, association warrants. We are positive that the district will show up splendidly as regards having supplied men to the colors.

1916 PATRIOTIC FUND.

In Alderson there is a local Patriotic Committee. Last year it will be remembered that, the town and district did well. In fact it did magnificently, everything considered. Exclusive of several hundred dollars raised for Red Cross and Belgian Relief, the Alderson Committee sent \$1500.00 to the coffers of the Patriotic Fund. We are told that the late census taken disclosed the fact that the actual population of the Village is under 200 souls. The central Patriotic Committee at Calgary has been sending broadcast what they consider a wonderful record, the village of Erskine, with a similar population to Alderson, and what do we find was the wonderful contribution? A matter of about seven or eight hundred dollars. We are not boasting, but the comparison is obvious. We did not make this statement to depreciate Erskine's contribution, but to state that another year and another good crop with enhanced prices has come around again. We must not rest on last year's laurels. The Patriotic Fund needs funds now more than ever. This year we confident that if the local committee will organize in a systematic way again that \$2000 will be easily raised. However, it's up to the Committee. Those of us who saw that splendid body of men leave their homes and friends at Medicine Hat the other night to go to do what? Do their bit in this World War for Freedom, can we be so small as not to give to the Patriotic Fund. They are fighting. We must pay. We are only poor newspaper guys, struggling all the time to keep ahead a few laps of the sheriff, but what we were able to dig up last year we will double or treble, if possible this year, and everyone else here could do the same. It is up to the Committee to get the ball rolling again.

SUFFIELD FALL FAIR.

JUDICIAL SALE OF FARM PROPERTY

Pursuant to the Order Nisi and the Final Order for Sale in D. C. 505, District of Medicine Hat, there will be offered for sale with the approval of the Judge of the District Court of the District of Medicine Hat, by Henry W. Johnson, in front of Hotel Alderson, in the Village of Alderson, Province of Alberta, at Twelve o'clock noon, standard time, on SATURDAY, the 28th DAY OF OCTOBER, A. D. 1916, the following lands and premises, namely, North-West Quarter Section One (1) Township Sixteen (16) Range Ten (10) West Fourth (4th) Meridian, in the Province of Alberta, containing One Hundred and Sixty acres (160) more or less, subject to the conditions and reservations contained in the original grant from the Crown or in the existing Certificate of Title, and subject to Seed Grain Liens that are now registered against the property amounting to Eighty Dollars and Twenty-Five Cents (\$80.25), and 3% interest from the 16th day of April, 1912, until payment, and subject to a Mechanic's Lien filed by the Atlas Lumber Company, Limited, on the 9th day of December, 1913, for the sum of Eighty-Two Dollars (\$82.00) with interest and costs thereon.

The Vendor is informed that there are the following improvements on the above described lands: namely: One frame building 14x21 and one frame building 14x16. About Sixty (60) acres of the land has been broken, but has since returned to sod. The soil is a choco-late loam. This property is well located, being about five and one-half miles (5½) from Alderson, and two and a-half miles (2½) from a school. The Property will be sold subject to a reserved bid which has been fixed by the Court. The Purchaser at the time of sale to give a deposit of Ten Per Cent. (10%) of the purchase price to the Vendor or his Solicitors, and the remainder of the purchase money is to be paid into Court to the credit of this action as follows:

15% of the purchase price in Six months from the date of Sale without interest.
25% of the purchase price in Six months from the date of Sale with interest at 5% per annum.
50% of the purchase price in One year from the date of Sale with interest at 5% per annum.
In all respects the terms and con-

ditions of Sale will be the standing conditions as approved by a Judge of this Honourable Court.

Further particulars can be had from the Auctioneer, or from Messrs. Loughheed, Bennett, McLaws & Company, Solicitors for the Plaintiff, Clarence Block, Calgary, Alberta.

Dated at the City of Medicine Hat, Alberta, this 8th day of September, A. D. 1916
S. A. WALLACE,
Clerk of the Court.

Notice to Creditors & Claimants

In the Estate of Lauchlin McKinnon, late of Alderson, Alberta, deceased.

Notice is hereby given that all persons having claims upon the estate of the above named Lauchlin McKinnon, who died on or about February Seventeenth A. D. 1916, are required to file with Charles E. Bell, Alderson, Alberta, or the undersigned Solicitors, by the 11th day of November, 1916, a full statement, duly verified, of their claims, and of any securities held by them, and that after that date, the executor will distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims, of which notice has been so filed, or which have been brought to his knowledge.

Dated this 26th day of September 1916.

Beggs, McLarty & Evans, Solicitors for the Estate, Becker Bldg., Medicine Hat, Alberta.

Buy an Irrigated Farm

FROM THE CANADIAN PACIFIC RAILWAY

BECAUSE

Irrigation makes the farmer independent of rainfall and insures good crops, not occasionally, but every year. Irrigation makes possible the successful culture of alfalfa, the king of feeders, which insures best returns in dairying and mixed farming.

Irrigation means intense farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$35 to \$75 per acre, with twenty years' to pay and the privilege of a loan of \$2,000.00 for improvements (6% interest); no principal payment at the end of first and second years and no water rental for first year. Assistance is also given in supplying stock in approved instances.

This is the most liberal offer of irrigated farm land on record

9. All exhibits must be the property of the exhibitor, and must have been so for at least one month prior to the day of the Fair, except in sections where Sire and Dam and their progeny are competing companies.

10. Stock or articles offered for competition or exhibition must be entered in the name of the bona fide owner or owners. Any exhibitor transgressing this rule will forfeit all and all prizes won at this Fair.

11. Exhibits of Ladies' Work, Grasses or Grains in sheaf or dressed, Roots and Vegetables, Dairy Products, Domestic Products, Plants or Flowers, must have been grown, cultivated, or produced in the years 1915 or 1916, and must be the property of the exhibitor, and must have been grown or manufactured by the exhibitor.

12. In sections set apart for Grains, Grasses, Roots and Vegetables, each exhibitor is limited to one entry in each section of any one variety.

13. Each animal brought to the exhibition grounds for exhibition must be provided with a secure fastening and must be placed wherever directed by the committee on the grounds.

14. Any person wilfully misrepresenting any animal or articles entered for competition, by giving false information as to the quality of the exhibit, forfeit all rights and benefits of membership in the Society, and also forfeit all prizes won at this exhibition with each and every exhibit made or entered.

15. Any distinguishing mark, name, or initial on sack, vessel or other covering in which exhibits are brought to the exhibition, or any distinguishing mark upon the exhibit itself, other than brands upon animals, leg bands on poultry, or ear tags on sheep or swine, or the regular tags of the Society, must be removed before the exhibit is judged.

16. No person shall act as a judge in any department in which he or she is an exhibitor.

17. Any person who shall attempt to interfere or influence the judges while the judges are performing their duties, or who shall on the premises of the Society use contemptuous language to a judge, shall forfeit all rights to any and all premiums to which he or she may otherwise be entitled. Judges are particularly requested to report any breach of this rule immediately.

18. In the absence of competition, or if stock or articles are of inferior quality, the judges are instructed to award only such premiums as they deem such stock or articles to be deserving of, and will use discretion as to which award they allow, if any, first or second.

19. Should any exhibitor be disqualified for any reason by the Directors and Officers of the Society the next in order of merit must be accepted and take the prize awarded (or vacated) by the disqualified exhibitor.

20. Only live stock entered in regular classes will be admitted to the grounds. All feed must be furnished by the owner.

21. Prize money will be mailed to exhibitors, or winners.

22. The Directors will take precautions to insure the safety of the exhibits, and should any exhibit or article be lost or stolen, the exhibitor must endeavor to recover the same, but cannot engage to make any payment for the value of the same.

23. All persons entering pure bred stock must produce pedigrees to the judges at the time of exhibiting.

24. Exhibitors securing prizes to the amount of Three Dollars (\$3.00) or over, must leave the sum of One Dollar (\$1.00) with the Secretary-Treasurer as a membership fee for the next year.

25. The Directors shall have power to decide all protests and withhold prizes if they are of the opinion that it is just to do so. They shall also have power to interpret the rules and make new rules if the printed rules do not cover any disputes or point that may be brought up for their consideration. They may take action without protest being made, if in their opinion the same is warranted.

26. Any exhibitor making a protest must make it in writing, and the same must be delivered to the Secretary not later than 10 a.m. the day following the cause of protest, and a receipt must be obtained. A protest must state the cause of complaint or appeal, and must be accompanied by a deposit of \$5.00, which sum shall be forfeited to the Agricultural Society if the protest is not sustained.

27. No prize, color or ribbon or cards may be affixed to any entry until awards have been made.

28. All prize cards which have been awarded must be displayed during the exhibition. Any infraction of this rule may incur the forfeit of any premiums, at the discretion of the judges.

29. No entries for Special Prizes will be accepted unless entered under the regular prize list.

30. articles not accompanied by the owners may be addressed to the Secretary, who will receive the same, if accompanied by 10 a.m. the day following the cause of protest, and a receipt must be obtained. No such articles be brought to the grounds except by and at the expense of the owner or their authorized agents. Exhibitors must claim their property at the close of the Fair.

Judges and members of the Press will be furnished with badges.

NOTE.

All exhibits, excepting Live Stock, must be in position before noon of Tuesday, October 3rd, and Live Stock must be on the grounds before 10 o'clock on Wednesday morning, October 4th.

CROP STORIES

More and more from personal observation comes to the conclusion that Alderson and district have without exception the best uniform crops in Alberta this year of 1916. By uniform we mean "All Farms Considered." There may be districts that will have an isolated farm with a few acres of specially prepared land that will have a remarkable yield, but farm for farm this district leads. The average will certainly be over the 30 mark. None of the drawbacks like hail, frost or rust are noticeable, and it practically all grades No. 1.

Stories that sound better than a new Klondike trail into the North. We will relate just a couple or so.

Jon, Goebing, yes, the same Jon that pulled his stakes one time for one or other of the States, we forget which one, but came back. Well, he is the John who on Saturday sold just one load of wheat for \$199.90.

Andy Anderson, who built the best barn in the north country last spring, because he knew we were in for another splendid crop, sold just 4 loads of the golden chaff for over \$800.00. Andy made enough last week to come around and pay up for the paper.

August Orwood, whose name has already appeared in the Crop Stories, sold the N. E. Sigaart Grain Company last week about \$1400 bushels and received in cash over \$2100.00.

Nyrioff Bros., near Bluegrass, report the yield of 45 and a-half bushels of wheat per acre. Andy

Anderson threshed for them, and vouches for the yield.

The crop of James Foughty and sons is among the best. Part of it will be certainly average around the 40 mark.

E. S. Sobie, the well-known Weed Inspector, wears a worried look. He has a couple of thousand bushels of wheat to sell.

Demler the News will be sent to any address in the U. S. until January, 1917 for 40c. Do it now.

Dr. McKean will tear himself away from handling out medical advice long enough some of these days to dispose of his couple of thousand bushels of grain.

Among those who said goodbye to relatives in the 175th, mention must be made particularly of Mrs. F. C. Woollven, who said goodbye to her son, Roy. This is the second time this patriotic son has journeyed to Medicine Hat to say goodbye to one of her boys. Cyril Woollven and Miss Eva Woollven also said goodbye to their brother.

By instructions of the Hon. Minister of Agriculture a distribution of various sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (about 5 lb.), white oats (about 4 lb.), barley (about 6 lb.), and field peas (about 5 lb.). These will be sent out from Ottawa. A distribution of potatoes in samples of about 3 lbs. will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free by mail. Only one sample of grain and one of potatoes can be sent to each farm. As the supply of seed is limited, farmers are advised to apply early. Requests received after the end of December will probably be too late. Anyone desiring a sample should write (post free) to the Dominion Cerealist, Experimental Farm, Ottawa, for an application blank.

Boys of the 175th.

Tuesday the 26th will always be a memorable day in the history of this district and that of the city of Medicine Hat. On the evening of that day 1100 men of the 175th, entrained for overseas to take their places on the European battle front. Their homes and friends are all hereabouts, and the fortunes of the 175th will be to a great extent the fortunes of many a home here.

The battalion left Calgary about noon. They passed through Alderson, at least the first section, about 4.45. It did not stop at all, but was cheered on its way by a large throng of citizens. Most of the Alderson boys, however, were of the second section, and the engineer or who ever was responsible, stopped the train for a few minutes, which was, of course, just a tantalizer. In a few seconds it was on its way again to the Hat, where the regiment was given a great reception by multitudes of citizens assembled for that purpose. The colors were presented at the city hall by officials of the city, and suitably acknowledged by the commanding officer, Col. Nelson Spencer.

On account of the showers of the afternoon, many Alderson people who had intended motoring down had to wait for the evening train, and thus missed the beautiful ceremony of the presentation, as it was over when the train arrived.

The men had the freedom of the city after the presentation until 9.15 when the bugle called them to assemble again in front of the city hall to march to the train. The fine band of the regiment cheered the sad occasion by rendering "We'll Never Let the Old Flag Fall," "Keep the Home Fire Burning," and other airs of similar nature.

The boys, except those, of course who had relatives at the depot, kept up their spirits in a remarkable fashion. "Are We Down Hearted?" "No," would run the whole length of the train. And also, "Are We Dry?" "Yes," "Awfully Dry?" "You Bet."

We learn that for some reason yet to be explained, Lieut. Harry Gerow and Private Geo. McKee were not with the regiment. We were informed, not officially, that Mr. Gerow has resigned his commission in the 175th.

Among the boys from this district who are with the 175th are the following:

Note—In compiling these names it is possible that the News has omitted some. We hope the name will be sent in if you know it. We have not included a number who enlisted in Suffield, as that town will probably soon compile its own honor roll:

Private Roy Woollven, Earnest Tree, Carl Nelson, Billy Pallen, O. Benet, Homer Mayes, Ben Stewart, Easton Glenn, Clinton Adams, Andy Franks, Bob McKinnon, C. McKinnon, E. Litchfield, H. Le Mesurier, Elwyn Potter, Walter Birce, George Whitehead, Arthur Whitehead, Jack Elliott, Walter Speerman, H. Lee, Sergt. McGeahay.

This district wishes the brave men of the 175th the best of everything that means success, and a safe return.

A Cure for Scandal.

Take of good nature an ounce; of an herb called by the Indians, Mind-Your-Own-Business, one ounce; mix this with a little Charity for others, and two or three sprigs of Keep Your Tongue Between Your Teeth; simmer these together in a vessel called Circumspection.

The symptoms are a violent itching of the tongue and roof of the mouth, which invariably takes place when you are associating with a species of animals called Gossips. When you feel a bit of the disorder coming on take a teaspoonful of the mixture and hold it in your mouth, which you will keep tight shut.

If you sporelized a relapse, repeat the dose.—Contributed.

Don't forget to see Dr. Mecklenburg, the graduate optician, when he visits Alderson on Oct. 7th.
